23 December 2018

Dear Harrison Sun,

This letter is to thank you for volunteering your time during the Fall 2018 academic semesters as a volunteer in the ***Homework Zone mentoring and tutoring program***. *Homework Zone* is an innovative after-school program for elementary-aged youth from neighbourhoods in the Montreal area that are under-represented at McGill University. Mentors spend half the session tutoring students in Math, French and English Literacy, followed by participation in creative activities that tap into a young student's imagination, creativity, confidence and curiosity for learning.

Homework Zone believes that school success is possible when you teach the whole child and not just the subject. Your help in mentoring and tutoring students at your chosen elementary school was integral in helping positively impact many children's lives and contributing to the mandate of McGill's Social Equity and Diversity Education office, which provides community engagement and leadership opportunities for McGill students. Thank you for your efforts and developing yourself as a leader and mentor in the academic, social and personal spheres of your student's life.

On behalf of the Office of the Dean of Students, I would like to commend you for your contributions to the McGill and Montreal community, and wish you continued success and growth.

Yours sincerely,

Christopher Buddle

Dean of Students,
McGill University
